About Me

Hey I'm Bryce. I grew up in southern California and moved out to Arizona around 2015. Currently my hobbies are trying to learn some WebDev (mainly front end for now), I'm taking the Google Data Analytics class on Coursera, and I'm learning VBA and SQL through Udemy to compliment my Excel knowledge. On my off days I'm hanging out with friends or trying to learn golf.

WORK EXPERIENCE

JX NIPPON MINING & METALS

INVENTORY CONTROL ASSOCIATE III

MAR. 2023 – CURRENT

- Create KPIs based on real time data to guide improvement project processes through lean manufacturing
- Operate with a team of 10 through servant leadership.
